Yes, the Series ID as well as the ISIN is what identifies the security when Depositing/Trading on Austraclear.

Charmaine,

Is this the number that would be used when a deposit was being made through Austraclear?

Annabel,
Please disregard what I said in my earlier email. The paperwork was not in the file. There appears to have been a second series with the ISIN XS0305158031. The Austraclear Series ID was LBTG02.

Apologies for the confusion.

Regards

Charmaine Auld

Charmaine,

Thank you for your quick response.

Does this mean that this product was never deposited through Austraclear?

Thank you,

Annabel,

According to our system, we are unable to locate having this ISIN on Austraclear and therefore have no reference to provide you.

The only Global we are able to locate was ISIN XS0300691457 with Series ID LBTG01.

Dear Charmaine,

Further to our telephone conversation this morning, I am seeking the Austraclear reference number for the following product:

ISIN: XS0305158031.

Common Code: 030515803

This product is one of the Lehman Brothers products which I understand will be in your archives.

If you could get back to me today, that would be very much appreciated.

Please let me know if you need any further information.

Regards,
